

OUR FINANCIAL POLICY

We are committed to providing you with the best possible care and we will be happy to discuss our professional fees with you at any time. Your clear understanding of our financial policy is very important to our relationship. We have found that the only problem a patient might have is usually due to lack of communication concerning the finances.

- All patients will need to complete our “Patient Information Form”.
- Payment in full will be expected for your first visit unless prior arrangements are made.
- We accept cash, checks, Visa, MasterCard, Amex, & Discover.

We do not accept insurance on your first visit unless prior arrangements have been made. We will provide you with a receipt or a claim form to enable you to file and insurance will reimburse you directly. On subsequent visits, we ask that you pay your estimated portion. We will file the claim for you.

Insurance is a contract between you, your employer and the insurance company. We are, in no way, involved in this contract. We file insurance claims as a courtesy to our patients. We will not become involved in disputes between you and the insurance company regarding deductibles, covered charges, secondary insurance, “usual and customary” amounts, etc., other than to supply factual information as necessary. Any balance remaining on your account after 45 days automatically becomes your responsibility and should be paid immediately.

Thank you for choosing our office to take care of your dental needs. Our patients are very important to us and we want to always treat you with the same respect and consideration that we would expect to receive from you.
